

# Cat Toys From Cat Dancer Products

Item #101

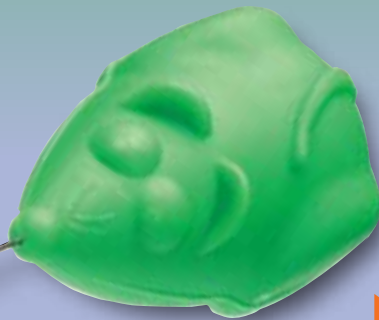

## Cat Dancer®

In 1983 this toy started a revolution in cat toys that spawned an entire industry. Loved by millions of cats around the world, spring steel wire and cardboard combine to mimic nature's own winged insects and create an irresistible exercise machine.

## Cat Dancer Compleat®

Dubbed "Nordik Trak for cats" by the N.Y. Times this great combo includes a self adhesive paw to hold the original Cat Dancer® toy when the owner is away.

## Catnip Cat Dancer®

100% catnip oil is infused into the plastic mouse attached to this Cat Dancer. The scent will induce playful antics for up four months and the mouse doubles as a handle during cat aerobics. Sealed until you open it, this no-mess catnip toy now includes a noisemaker to make play even more fun.
