

TOTAL-ZYMES®

pet digestive enzymes

Same great formula now with 16 enzymes for complete digestion! Supports:

- Digestive and Immune Disorders
- Joint difficulties and Stiffness
- Allergies, Skin problems
- Help remove toxins from the body
- Promote Proper Elimination
- Smaller Stools, Less Gas
- Coat and Skin Problems

Every pet improves their absorption and utilization of nutrients through the use of digestive enzymes. All pets should use digestive enzymes with each meal.

Using **Total-Zymes®** on your pet's food is as close to the benefits of an all raw food diet as you can get.

Customer Review

Since my senior dog is on Total-Zymes® + Total-Biotics®, she has been more energetic and like a puppy again, despite the Cushings. My younger lab, 4 years old is also using it..- MR

It is always recommended to use **Total-Zymes®** with **Total-Biotics®** for a complete digestive solution.

The digestive system is the first line of defense for the immune system. Keeping it in optimal condition benefits overall health and immunity. Probiotics and enzymes will keep this in balance.

Our pets give us so much...

This is Paddy the **Total-Zymes®** dog. She is now 9 years old and has been thriving and very healthy taking digestive enzymes and probiotics.

At **NWC Naturals™ Pet Products** our goal is to help pets live longer, healthier and happier lives!"
