

Why Are Mushrooms So Incredible?

Mushrooms have been traditionally used for thousands of years. Numerous published articles have established the incredible health benefits of these unique and powerful tonic mushrooms. Each type of mushroom contains its own special benefits; naturally aiding wellness sports performance and recovery.*

OUR MAGNIFICENT MUSHROOMS

Combining the expertise of mycologist Steve Farrar's 30 years of experience growing mushrooms with Sandra Carter's (M.A., MPH, Ph.D.) extensive knowledge in health and wellness, we grow the highest quality, certified organic, sustainable medicinal mushrooms available to improve health, vibrancy and wellbeing. Our powerful species of mushrooms, available in both single species powders and blends are grown, dehydrated and milled in our state-of-the-art Certified 100% Organic and Good Manufacturing Practices (GMP) facility in Carlsbad, California. Your four legged friend's tale will be wagging after experiencing the power of our veterinarian recommended mushroom powders.
